

WELCOME!

To one of the longest running Turbo Buick organizations in the United States.

HISTORY

Founded in 1990 by our first President, Wil Delong. The club started as an informal gathering at the Altamonte Steak N' Shake every Saturday night. Today, the all time list boasts over 110 members, with monthly meetings and newsletters.

STATEMENT OF PURPOSE

Turbo Regals are indeed rare vehicles. Finding honest, reliable information on them is difficult. That's what our club is about, providing TR owners with a source of information on performance and maintenance. We are not a race club, or solely devoted to attending car shows. We are a combination of all of these categories. Our goal is to provide members the information they need to enjoy their vehicles. We do this by planning gatherings or events and publishing our monthly newsletter to keep everyone in contact and up to date with the latest info.

WHAT DO WE ASK OF YOU?

An **annual membership fee of \$20**. The funds will be used to cover the cost of the newsletter mailings and other supplies the club may need during the year. Most of all we need your participation, we ask that you come out to meetings and events when you can.

PLEASE READ RELEASE BELOW BEFORE SIGNING

I agree that the Central Florida Grand National & T-Type Club and it's officers shall not be held liable or responsible for injury to me or my property during any club activities. I understand that all club members participate voluntarily and at their own risk in all club activities.

By signing this release, I certify that I have read this release and fully understand it.

Signature: _____ Date: _____
